

T.I. Property Service Update

News for T.I. Property Service Customers Vol. 5 No. 1 / Spring 2003

Monthly Features

Old Fashion Winter

Mother Nature provided us with a great "old fashion" winter, one which supplied a full snow cover throughout the season and even into the first week of April. As the last snow banks are currently melting and the drift ice is leaving the river, it's time to look forward to a great spring and summer season.

Arbor Day is April 25, and what a terrific way to start the new season by planting your favorite tree. Simply call **TIPS** for availability, pricing, and volume discounts.

The early bird.....

TIPS continues to offer our spring greenhouse service to those of you who would like your clay pots, barrels, or window boxes looking lush and mature by Memorial Day. We will pick up your planters, fill them now with your favorite flowers, store them in a climate controlled environment, and then deliver back to your home. This will assure you of full, healthy, and mature plants, putting you way ahead into the summer season.

There is no additional charge for the pickup, storing, or delivery of your planters.

Spring Cleaning--of your trees

The minor ice storm we recently encountered damaged many small limbs and dropped much debris onto your lawn. To maintain the health, vigor, and aesthetic value of these damaged trees, these breaks and tears should be properly pruned. **TIPS** can evaluate and correctly repair this damage, many times right from the ground. We can also aid in the cleanup of your downed limbs and debris resulting from this ice damage.

Spider Control

Prior to having **TIPS** wash your windows, don't forget to schedule your spider spraying. This initial spraying will assure you of a pest-free season without the mess of spider droppings, webs, etc.

Work Orders

Our annual spring work order is enclosed for your convenience. Indicate your preferences and either mail back or log onto our website, fill out and e-mail it to us. **TIPS** will contact you for an initial consultation or to schedule your appointment.

As always, we thank you for your continued support. **TIPS** is here to serve your needs and hopefully make your precious time here on the river a little more pleasant.
