

# T.I. Property Service **Update**

News for T.I. Property Service Customers Vol. 7 No. 1 / February 2004

## Monthly Features

### *Expanded Service*

Tired of hauling your refuse to the curb, loading your garbage and recyclables for a trip to the dump only to find it closed, sorting the green glass from the clear???? If the answer is yes, TIPS has the answer. We are now offering our weekly trash/recyclable pickup to all of our customers. Think of the convenience to have all your garbage & recyclables picked up at your home or office and not loading your trunk for the Saturday trip to the dump.

TIPS will provide you with its own trash bag and charge a monthly fee for this service. Pickups are presently on Fridays during business hours, but other arrangements can be made. In addition to the weekly pickups we still offer our bulk disposal that can help with anything from a spring cleaning to a remodeling job to a small demolition job. Our vehicles and equipment make the toughest job seem manageable. Please call for details and pricing for either the weekly or bulk refuse disposal service.\*

\*service presently offered in the Clayton area only, with Island service starting in the summer of 2004.

## *Common Questions*

- Do you have any dry firewood.....?  
The answer is yes, but it goes very fast. Better to order next years firewood now! This will assure you of a good supply for next season and we can easily stack it wherever you'd like (with the ground still frozen we can access your property boundaries and not cause any rutting).
- We live on an island and need you to check on our place, is that possible.....?  
Once again, yes. We have always been able to access your island properties via the standard methods of ice punt, snowmobile, x-c ski, snowshoe, etc. but we can now do it in the comfort of a hover craft. This past winter we have been traveling around the Thousand Islands in a very safe, comfortable, and WARM hover craft. So, wherever your location, TIPS can provide you with the peace of mind and security that your summer home is being looked after.
