

T.I. Property Service **Update**

News for T.I. Property Service Customers Vol. 7 No. 3 / Fall 2004

Monthly Features

A Great Growing Season

Spring sprung, summer rains, gentle fall. What a great recipe for healthy plants and lawns. One of our wettest summers and nicest falls in recent memory have kept everything green and lush throughout the season. But don't put that watering can or hose away yet. If mother nature doesn't keep up on the watering for you, it is very important to keep newly planted trees and shrubs watered until ground freezes. Also, remember to protect your new plantings with plenty of mulch and to have TIPS apply Wilt Pruf to any other sensitive plantings. This will protect from our harsh, cold, drying winter winds.

TIPS Travels

Need a hand at your winter residence? TIPS will be happy to send an individual or whole crew to help with any of your projects throughout the fall and winter. Through the years we have traveled throughout New York, Pennsylvania, New England, New Jersey and even down south to aid our clients in plantings, tree trimming and removals, moving, painting, storm cleanup and misc. interior projects.

Please schedule early to secure a date if you request this service.

Visa/Master card

TIPS now accepts credit cards. Not only should this ease the burden of writing

another monthly check, but you can now enjoy the benefits offered by your individual card, like racking up frequent flier miles or other reward programs.....(when enjoying your trips afar, don't forget your TIPS tote bag and camera. The 2004 contest winner will be announced in our December newsletter).

As always, we appreciate your prompt attention to helping us keep our accounts receivable manageable. Hopefully this service will be of benefit to you also.

Road trip.....

Your entire TIPS crew will be out of service from October 28-31. We will be attending the National Tree Care Industry Association (formerly the National Arborist Assoc.) Expo in Detroit, MI. Here we will further our education by meeting with industry representatives, attending seminars, and meeting with peers to keep up to date with the latest in tree care technology. This training will allow us to continue to serve our clients in the professional manner you deserve.

Note: Please share with us as we send our thoughts and prayers to Virginia Doebler and her family. Don was a wonderful man and will be missed by all of us.

Thanks for supporting TIPS.....

George, John Reff, John Cipullo, Brian Nutting, Devin James
